PROFESSIONAL SUMMARY

UX/UI Designer and Full-Stack UI Developer with a BE in Electronics & Communication Engineering, an MBA, and certifications in UX Design, Usability Analysis (HFI), and Full Stack Python. Skilled across the product design lifecycle — research, wireframing, prototyping, and high-fidelity UI in Figma — with front-end development in React.js, HTML, and Python, including industrial HMI design. Brings proven customer service, order management, and cross-functional coordination experience from fast-paced operations.

CORE SKILLS

- UX Research, Wireframing, Prototyping & High-Fidelity UI Design (Figma, Adobe)
- User-Centered Design (UCD), Usability Testing & Accessibility Standards
- Front-End Development: React.js, HTML, Python | Responsive & Mobile-First Design
- Industrial HMI Design, Design Systems & Competitive Analysis
- Customer Service, Order Management, Sales Administration & Invoicing
- ERP/CRM Systems, MS Office Suite & Cross-Functional Team Coordination

PROFESSIONAL EXPERIENCE

Admin Support | Accent Aluminium Windows and Doors | Melbourne, Australia | Jan 2026 – May 2026

- Managed customer service, order processing, and sales administration, including quote preparation, invoicing, and purchase order processing.
- Coordinated with sales, warehouse, logistics, finance, and service teams; handled stock verification, dispatch, and transport documentation.
- Maintained accurate data entry using ERP/CRM systems and scheduled technician/customer appointments, resolving order changes proactively.

Designing Engineer | GEE KAY VEE Hydraulics | India | Jun 2023 – Jan 2025

- Collaborated with product managers and developers to translate user requirements into user flows, wireframes, and prototypes.
- Designed visual assets and developed low-to-high fidelity wireframes balancing user needs with business goals.
- Led user research and usability testing to validate design choices; analysed feedback to optimize UI/UX and the user journey.
- Partnered with developers to ensure design feasibility and consistency and conducted competitive analysis to inform best practices.

Programmer Analyst Trainee | Cognizant Technology Solutions | India | Jan 2022 – Jun 2022

- Reviewed business requirements and authored understanding documents to align development with stakeholder needs.
- Developed, tested, debugged, and deployed code per requirement specifications as part of a project team.

EDUCATION
